

TECHNICAL DATA SHEET

PRODUCT NAME	UREPRESS – 9008
APPLICATION	Urea Melt Additive
FORM	Homogeneous, free flowing liquid at ambient temperature.
PUMPABILITY	Free flowing liquid pumpable through any metering pump.
DENSITY	1.5 ± 0.1 gms/cc
RECOMMENDED DOSAGE LEVEL TYPICAL	0.1% by weight of Urea.
COMPATABILITY WITH UREA	The formulation does not in any way interfere with the Agro-chemical properties of Urea. It only increases it's prill strength.
SAFETY & HANDLING	Normal procedures of handling any plant liquid can be adopted.
FLAMMABILITY	Non-flammable.
